Re: FY2024 Formula Grant Request for Applications

Dear Judge Huckabee:

The Texas Indigent Defense Commission announces the FY2024 Formula Grant Request for Applications (RFA). **Applications are due Wednesday, November 15, 2023.** The attached packet provides information on what is needed for counties to obtain Formula Grant funds. **There are two simple steps to apply for your formula grant:**

1. Commissioners Court should adopt the attached FY2024 TIDC Formula Grant Resolution.
2. Upload the signed resolution on TIDC's grants and reporting website, <https://tidc.tamu.edu>, confirm contact information for county officials, and click the "submit" button.

Step by step instructions are included in the Request for Applications.

To be eligible, the local administrative judges and chairs of Juvenile Boards should submit their biennial indigent defense plans by November 1, 2023 through our on-line system. TIDC staff will continue to work with counties to ensure that all statutory and required elements are included in each plan if judges make amendments. Also, county financial officers must submit their Indigent Defense Expense Report by November 1, 2023. The reporting manual for county financial officers is available at <http://www.tidc.texas.gov/oversight/submit-data-and-reports/>. Both requirements are required by Texas Government Code §79.036.

The Commission adopted Texas Administrative Code Chapter 173 in order to implement the grant authority established by the Texas Legislature. These administrative rules and the attached RFA are available at: www.tidc.texas.gov.

Please contact Dorian Torres, Grant Specialist at Grants@tidc.texas.gov or 512-936-6994, if you have any questions about the Formula Grant Program or the application process.

Sincerely,

Sharon Keller

FY2024 Formula Grant Program Request for Applications (RFA)

Issued September 2023

Formula Grant Program Overview

The Texas Indigent Defense Commission (Commission) provides financial and technical support to counties to develop and maintain quality, cost-effective indigent defense systems that meet the needs of local communities and the requirements of the Constitution and state law. Formula Grants are awarded to eligible Texas counties to help counties meet constitutional and statutory requirements for indigent defense and to promote compliance with standards adopted by the Commission.

Application Due Date

Formula grant applications for Fiscal Year 2024 must be submitted on-line **by Wednesday, November 15, 2023**. The grant period is October 1, 2023 through September 30, 2024.

Total FY 2024 Formula Grant Amount Budgeted: \$17.5 million

Eligibility for Formula Grants

Only Texas counties may apply. Counties must meet the following requirements:

- 1) **Indigent Defense Expenditure Report** — All counties are statutorily required (Texas Government Code Sec. 79.036 (e)) to submit an Indigent Defense Expenditure Report each year on November 1 in the form and manner prescribed by the Commission. Counties that do not complete the Indigent Defense Expense Report on or before November 1, 2023 may have payments temporarily suspended by Commission staff until the report is submitted and reconciled by staff.
- 2) **Indigent Defense Plan Requirements** — The Local Administrative District Judges, the Local Statutory County Court Judges (or County Judge as applicable) and the Chairman of the Juvenile Board for each county must submit a copy of all formal and informal rules and forms that describe the procedures used in the county to provide indigent defendants with counsel in accordance with the Code of Criminal Procedure (Countywide Plans) to the Commission as required in Government Code §79.036. The Countywide Plans submitted must be in compliance with applicable statutes and rules and must meet the minimum requirements for each plan section as outlined in the Biennial Indigent Defense Countywide Plan Instructions. Plans are due November 1, 2023. Formula grant payments during the year may be withheld until plans are submitted or meet the minimum requirements for each plan section set by Commission.

I. Investment Authority and Scope

General Statement

This investment policy serves to satisfy the statutory requirements of Texas Statutes, Local Government Code 116.112 and Government Code Chapter 2256, cited as the Public Funds Investment Act (PFIA), to define and adopt a formal investment policy. This policy will be reviewed and adopted by the Erath County Commissioners Court at least annually according to Section 2256.005(e).

Funds Included

This policy applies to all financial assets of all treasury funds of the County of Erath, Texas, unless expressly prohibited by law.

Investment Officers

In accordance with sec.116.112 (a), Local Government Code and/or Government Code Section 2256.005 (f) and (g), the County Treasurer or County Auditor, under the supervision of the Erath County Commissioners' Court, may invest County funds that are not immediately required to pay obligations of the County. The Commissioners Court shall designate by resolution one or more officers or employees as investment officer(s).

The Investment Officers shall attend training sessions meeting the requirements of Government Code Section 2256.008 (a) and (b). Whereas investment officers shall attend an investment training session not less than once in a two-year period that begins on the first day of that local government's fiscal year and consist of the two consecutive fiscal years after that date and receive not less than 10 hours of instruction relating to investment responsibilities under this subchapter. Training must include education in investment controls, security risks, strategy risks, market risks, diversification of investment portfolio, and compliance with this chapter.

If any investment officer has a personal business relationship with an entity, or is related within the second degree by affinity or consanguinity to an individual seeking to sell an investment of the county, such Investment Officer must file a statement disclosing that personal business interest, or relationship, with the Texas Ethics Commission and the Commissioners' Court in accordance with Government Code 2256.005(i).

In the administration of the duties of an investment officer, the persons designated as investment officers shall exercise the judgment and care, under prevailing circumstances that a prudent person would exercise in the management of the person's own affairs but the governing body of the county retains ultimate responsibility as fiduciaries of the assets of the County. Unless authorized by law, a person may not deposit, withdraw, transfer, or manage in any other manner the funds of the county.

II. Investment Objectives

General Statement

Funds of the County will be invested in accordance with federal and state laws, this investment policy and written administrative procedures. The County will invest according to investment strategies for each fund as adopted by Commissioners' Court resolution in accordance with 2256.005(d).

Safety

Erath County is concerned about the return of its principal; therefore, safety of principal is the primary objective in any investment transaction.

Liquidity

The County's investment portfolio must be structured in conformity with an asset/liability management plan which provides for liquidity necessary to pay obligations as they become due, utilizing investment instruments.

Diversification

It will be the policy of Erath County to diversify its portfolio to eliminate the risk of loss resulting from over concentration of assets in specific maturities, a specific issuer or a specific class of investments. Nevertheless, the Commissioners Court recognizes that in a diversified portfolio, occasional measured losses are inevitable, and must be considered within the context of the overall portfolio's investment return, provided that adequate diversification has been implemented. Investments of the County shall always provide for safety of principal, stability of income and reasonable liquidity.

Yield

It will be the objective of the County to earn the maximum rate of return allowed on its investments within the policies imposed by its safety and liquidity objectives, investment strategies for each fund, and all state and federal law governing investment of public funds.

Maturity

According to Government Code 2256.005 (b) (4), the policy must include the maximum stated maturity of any individual investment. For pooled funds, the policy must state the maximum average dollar-weighted maturity allowed. Portfolio maturities will be structured to meet the obligations of the County first and then to achieve the highest return of interest. When the County has funds not needed to meet current-year obligations, maturity restraints based upon the investment strategy for each fund shall be considered. The maximum allowable stated maturity of any individual investment owned by the County is as follows:

Maintenance and Operation Funds – maximum allowable stated maturity of any individual investment owned by this class of funds is 3 years.

Bond Proceeds – maximum allowable stated maturity of any individual investment owned by this class of funds is 2 years. All investments of tax-exempt debt proceeds will be limited to maturities that insure that the county stays in compliance with Sections 103, Sections 141-150 of the Internal Revenue Code Title 26.

Quality and Capability of Investment Management

It is the County's policy to provide training required by the Public Funds Investment Act, Sec. 2256.008 and periodic training in investments for the Investment Officers through courses and seminars offered by professional organizations and associations in order to insure the quality and capability of the Investment Officers in making investment decisions.

Monitoring Rating Changes

The investment officers will monitor an investment that requires a minimum rating under this subchapter with the assistance of brokers and banking institutions. The county shall take all prudent measures that are consistent with its investment policy to liquidate an investment that does not have a minimum rating. Section 2256.02

Investment Strategies

The County maintains control over three types of funds: operating funds, debt service funds, and capital project funds. For each of these funds, the primary objectives for the investment strategy of the County are as follows:

1. understanding of the suitability of the investment to the financial requirements of the entity;
2. preservation and safety of principal;
3. liquidity
4. marketability of the investment if the need arises to liquidate the investment before maturity;
5. diversification of the investment portfolio;
6. yield; and
7. maturity restrictions

To insure diversity of investments, at no time shall over 75% of the County's total investments be placed in any one specific type of investment or in any single investment pool.

For operating funds, the County's investment strategy shall include the above prioritized objectives along with emphasis on assuring that anticipated cash flows are matched with investment liquidity.

For debt service and capital project funds, the County's investment strategy shall include the above-prioritized objectives with emphasis on matching investment maturities to required and projected cash flow needs.

III. Investment Types

2. Preservation and safety of principal;

1. The investment of all funds, or funds under the county's control, over which the officer had responsibility rather than a consideration as to the prudence of a single investment; and
2. Whether the investment decision was consistent with the written investment policy of the County.

Liability of Investment Officers

To anticipate possible market changes and insure the security of funds, the collateralization level will be 102% of market value of principal and accrued interest on the deposits or investments less an amount insured by the FDIC or NCUSIF. Erath County, at its discretion, reserves the right to require a higher level of collateralization for certain investment securities.

1. FDIC or NCUSIF insurance coverage;
2. Obligations of the United States or its agencies and instrumentalities;
